

**Taste is the essence.**

  
**essenso**  
savoury

# Essenso Savoury is an all encompassing range of flavourings, specially designed by our team of flavourists for supreme taste creation.

**Essenso Savoury** are excellent products designed to be used in the formulation of soups, gravies, stocks, sauces, meatballs, prepared dishes and many other savoury recipes.

exists in 5 different taste profiles: chicken, beef, veal, fish and vegetable. Additionally, some specific varieties such as 'taste booster' complete the range.

offers delicate, refined tastes, with high intensities even at low dosage levels. Discover the Essenso Savoury Fish Supreme with the well typical taste of cod, or Essenso Savoury Chicken Roasted with the taste of crispy fried chicken.

is all about taste, but not about salt or fat: low salt and fat levels leave you all the possibilities to create the recipe you desire.

is easy to use, with excellent free-flowing properties. A low dosage results in minimal cost in use.

offers additional refinement with the "Supreme" varieties, for added richness. For each of the 5 taste profiles, a 'Classic' variety is also available, without added flavour enhancers.

takes advantage of the strong local and technical organisation of DERA in your market: the best guarantee for high responsiveness and for an optimal service level.
