

Taste is the essence.

essenso
snack

In the world of snacks, taste is the essence. **Essenso Snack** follows the current trend for indulgence, for moments of pleasure, alone or with friends.

Essenso Snack reflects the need for variety: different shapes, different crispness and bite, different tastes, intense and exciting new flavours. Potato chips, extruded and expanded snacks, coated nuts, crackers, breadsticks, popcorn,... the consumer is looking for a wide variety of snack sensations.

Taste is the essence.

Why choose Essenso Snack ?

- With Essenso Snack you can rely on the extensive experience and knowledge of a team of specialists and flavourists
- Essenso Snack is tailor-made, developed to your brief and to your processing requirements
- With Essenso Snack you have access to the desired taste profile, in both traditional and ethnic flavours, for the creation of distinctive and innovative new products
- Essenso Snack seasonings provide, in addition to the right taste, colour and appearance, the desired functional properties, optimised to the type of product and to your processes and equipment
- Essenso Snack takes advantage of the strong local technical and commercial organisation of DERA in your country: your best guarantee for high responsiveness and for an optimal service level

Essenso Snack

Essenso Snack is a concept of seasoning blends for savoury snacks, based on a customized approach: *Essenso Snack* provides you with the desired taste profile, appearance and functionality for your snacks.

Taste is the essence

With *Essenso Snack* you can create exactly the taste profile you have in mind. Our local specialists, together with our international team of flavourists, provide you tailor-made solutions for your taste creation. Specific local tastes for delicious classic applications, distinctive ethnic flavours for mouth-watering new varieties, *Essenso Snack* embraces a palette of flavours and aromas.

In partnership with its customers, DERA provides innovative ingredient solutions for the food industry.
